PROFESSIONAL SUMMARY

Full Stack Developer with proven experience building MERN stack applications and a 6-month internship background at Ideas (a SAS Company). Skilled in React.js, Node.js, Express.js, MongoDB, and RESTful API development, with deployed projects live on Vercel and Render. Strong foundation in component-based architecture, JWT authentication, RESTful API design, and cloud deployment.

TECHNICAL SKILLS

Frontend:	HTML5, CSS3, JavaScript (ES6+), TypeScript (learning), React.js, Tailwind CSS
Backend:	Node.js, Express.js, Java, Spring Boot, RESTful APIs, JWT Authentication, MVC Architecture
Databases:	MongoDB, Mongoose, MySQL, MongoDB Atlas, Schema Design, CRUD Operations
DevOps / Tools:	Git, GitHub, Vercel, Render, VS Code
Other:	Python, Excel, VBA (Macro Creation), Responsive Design, API Integration

EXPERIENCE

Revenue Optimization Analyst (Internship) — Ideas — a SAS Company Jan 2026 – Jun 2026

- Resolved 20+ client data cases per sprint by identifying discrepancies in SAS-based revenue reports, reducing estimated analyst resolution time by 15%.
- Automated repetitive reporting workflows using Advanced Excel and VBA macro creation, improving daily task efficiency.
- Developed a strong working understanding of SAS product suite and applied it to real client scenarios across the revenue optimization domain.

Full Stack Developer (Freelance Projects) Jan 2025 – Present

- Built and deployed 3+ full-stack web applications using React.js, Node.js, Express.js, and MongoDB, with live demos hosted on Vercel and Render.
- Developed responsive, component-based UIs with Tailwind CSS and integrated dynamic front-end components with RESTful back-end APIs.
- Implemented JWT-based authentication, Mongoose schema design, and CRUD operations for a Full Stack Task Manager application (in progress).
- Maintained clean version control workflows using Git and GitHub across all development cycles.

Industrial Training — Web Technologies — Microdynamic Software Pvt. Ltd., Pune Jul – Aug 2022

- Completed a 6-week structured training covering HTML5, CSS3, JavaScript, and foundational backend concepts under industry mentorship.
- Gained practical experience on live web projects, strengthening skills in responsive web design, client-server architecture, and dynamic website development.

Member, Google Developer Groups on Campus Sep 2024 – 2025

- Attended tech talks, cloud workshops, and hands-on coding sessions; assisted in organizing campus developer events.

PROJECTS

GitPulse Project | [GitHub](#) | [Live Demo](#)

React.js / Vite / Tailwind CSS / Recharts / GitHub REST API / Vercel

- Built a GitHub profile visualizer consuming the GitHub REST API, displaying profile stats, top repositories, and a language distribution bar chart built with Recharts across a user's 20 most-starred repos.
- Implemented a "Dev Persona" algorithm assigning personality badges based on stars, followers, and activity patterns; added local Storage - based recent search history with animated skeleton loading states.

Weather Forecast WebApp | [GitHub](#) | [Live Demo](#)

React.js / JavaScript / OpenWeatherMap API / CSS Media Queries / Vercel

- Built a real-time weather forecasting app consuming the OpenWeatherMap API, supporting city-based search with condition-based icons and <2s average load time.
- Enhanced responsiveness through CSS media queries; ensured clean, user-friendly visuals with a card-based UI layout.

Meme Generator | [GitHub](#) | [Live Demo](#)

React.js / Tailwind CSS / html2canvas / Canvas API / Vercel

- Built an interactive Meme Generator allowing users to upload images/videos, add draggable and resizable text overlays, and draw or erase directly on the canvas.
- Implemented meme preview and export functionality using html2canvas; focused on seamless canvas manipulation and responsive UI.

EDUCATION

B.Tech. in Computer Engineering — Rajarambapu Institute of Technology, Rajaramnagar, Sangli 2023 – 2026

Diploma in Computer Engineering — Government Residence Women Polytechnic, Tasgaon 2020 – 2023

ACTIVITIES & ACHIEVEMENTS

- Winner - Zonal Women's Chess Sport Events
- Participant - RIT Hackathon
- NSS Volunteer
